OSTEND AGAIN FALLS TO ALLIES

Germans Said to be Menaced by Strong Force in Their Rear.

NAVY PLAYS ITS PART.

Belgians, by Furious Counter Assaults, Throw Enemy Back—Kaiser's Troops Continue Attacks.

London, Oct., 20—Ostend is reported again in the hands of the allies.

Checked in their desperate attempt to overwhelm the Belgian-English forces that opposed their advance down the coast, the Germans now are menaced by a strong force from the rear.

This was the substance of news dispatches received here which while lacking any official confirmation are repeated so persistently as to be credited even in official circles.

For the first time the British navy has played its part in a land engagement. Under cover of heavy fire from the fleet's big guns a combined navy brigade and army detachment were landed near Ostend, and before the Germans realized the coup were safely established.

When the British warships began their cannonading of the invaders' land forces, which were making a terrific bombardment of the allies' intrenched positions at Dixmude, on the Ypres canal and Nieuport, on the Belgian North Sea coast, their flanking fire broke the force of the attack, and the Belgians by a furious counter-assault threw the enemy back.

Military experts, in admitting their belief that the allies have retaken Ostend, point out that the official announcement tells of the part played by the British fleet and that an allied force could operate some distance from the coast, safe in knowledge that if the fighting became too hot, a retirement could be ected to the transports under cover of the ships' big guns.

The Germans are continuing their efforts to break through the allied cordon to attack Dunkirk, the main objective of the present campaign. Reports received today tell of heavy fighting through last night in the vicinity of Dixmude and Roulers. A series of assaults in force was delivered by the Germans, but, according to military headquarters here, all failed.

NEWS OF THE DAY

The Italian fleet has now been completely mobilized under the Duke of the Abruzzi as commander in chief.

Le Matin of Paris, publishes a report that Gen. Helmuth von Moltke chief of the general staff of the German army, commander-in-chief under the Kaiser has died in the hospital at Fecamp, northeast of Havre It was reported a fortnight ago that Gen. von Moltke, differing on the conduct of the war with his imperial master, had been superseded as commander-in-chief of staff by Gen von Voights-Rhetz. This report was denied officially in Berlin.

Declaring the death of Cadet William R. Bowlus, of Middletown, Md., as a result of a hazing escapade at St. John's College at Annapolis Md., on May 26, was an act of murder, Judge Brashears in delivering the charge to the grand jury of Anne Arundel county yesterday urged that the tragedy be probed. Five freshmen are held responsible for the death of Bowlus.

According to latest reports from the earthquake zone, a great part of the city of Thebes was destroyed by the shock that occured there Saturday. At least 100 persons were buried in the ruins and it is feared that the death list will reach 500. The damage extends to a large territory about Thebes, but all communication has been cut off, and it may be several days before the full extent of the disaster can become known.

Gen. Francisco Villa addressed the delegates to the national peace convention yesterday at Aguas Calientes, Mex., denying that he is seeking any office. You may think I am working for Francisco Villa, but this is a great mistake as you will discover in years to come, declared the northern leader. "I do not want any office for myself. The height of my ambition will be realized when I see peace come into my country. If, on the other hand, this convention believes that my person is necessary in any capacity to make peace an early realization, I am at your orders."

Passengers who arrived at New York yesterday on the Minnewaska of the Atlantic Transport Line, from London, told of having seen in mid-ocean thirty-six transports crowded with soldiers and convoyed by eight cruisers on the way from Canada to England. It took more than an hour for the ships to pass. The Princess Royal, serving as a scout, was a mile ahead of the main lines of ships. Three lengths ahead of the first transport were three cruisers. The transports were three length distant from each other. Half way down the line on each side was a cruiser, and in the rear were two more.

DEATH OF JAMES HALL

Former Policeman Succumbs to Chronic Ailment Today

James Hall, who had been confined to his home on south Lee street by illness for some time, died shortly after noon today. He had been a sufferer from heart disease. He leaves a widow.

The deceased was a son of Mrs. Mary and the late John Hall, and was born in this city about fifty years ago. He was a bricklayer by occupation. He was a member of the police force of this city during the nineties, and after serving a few years resigned and resumed his former occupation.

Ruben R. Robinson was painfully injured at the fire at Charles King and Sons' warehouse on Saturday night. He fell from the roof while aiding in battling the flames. He is improving slowly.

BATTLE CONTINUES DAY AND NIGHT

Firing From Deep Trenches —Barb Wire and Other Entanglements.

MEN ARE OUT OF SIGHT.

Thousands on Both Sides Dig Themselves Into the Earth as Field Mice —Guns Hidden.

St. Mihiel, France, (via Metz, Berlin, The Hague, and London), Oct. 20.—Fighting day and night from deep trenches whose wonderfully effective entanglements of barbed wire, steel, sharp-pointed rods, and sharp-pointed stakes are almost touching, the thousands of men comprising the German left and the French opposing wing seldom see each other.

Probably never before has there been staged a battle so theatrically set as is the present. The line of battle runs wave shaped for miles through dense forests, over and around high hills, and across deep valleys, traversed with fast running streams of water.

The French stubbornly contest every attempt on part of the Germans to advance. Lines of trenches are extended a foot at a time. The thousands on each side dig themselves in like field moles. They cover their every movement. Even the guns are hidden, and their location can not be ascertained by the opposing forces as their smokeless powder leaves no trace.

And in the open country the trenches are so constructed as to be invisible to an aviator unless he flies very low. When he does fly low he seldom returns to report.

KILLED BY STRAY BULLET.

Colored Boy Shot While Playing With Companions.

Richmond, Oct. 20.—While at play near his home with several small companions, Charles William Davis, colored, six years old, was struck in the back of the head by a stray revolver ball and instantly killed early last night. Aaron Tyler, colored, 23 years old, was arrested shortly after, charged with firing the shot.

The killing of the child is not believed to have been premeditated. It is the tehory of the police that Tyler was discharging his revolver promiscuously and that one of the bullets hit the little boy. The bullet struck the back of the head and lodged at the base of the brain.

WAR TAX BILL SENT BACK.

Texas Congressman Resorts to Obstructive Tactics in House.

Washington, Oct. 20—Obstructive tactics in the House delayed progress yesterday on the war revenue bill. Instead of referring the bill to conference, as Administration leaders had expected, it was sent back to the Way and Means Committee for consideration of the 98 Senate amendments, on demand of Representative Henry, of Texas, who is insistent that there should be some cotton relief legislation before Congress adjourns. That action put members easier to get home in a belligerent mood, and Representative Bathrick, of Ohio, made a point of no quorum and forced the House to adjourn until today.

Chairman Underwood said the committee would report the bill with the recommendation that the House disagree to all the Senate amendments.

"What the House will do I do not know," said he, "but I believe the general temper of the members is to send the bill to conference and get away as soon as possible. Despite this delay we can still adjourn this week if members of the House will be good. If they insist upon discussing amendments and sticking to all the rules, we cannot possibly get through for another week."

SENSATION AT CONFERENCE

Bristol, Va., Oct 20—A sensation was sprung on the floor of the Holston Conference of the Methodist Episcopla Church South, now holding its ninety-third session here when Rev. G. A. Maiden, a former president elder, charged this afternoon that sacred funds of the conference had been loaned for use in opening a saloon at Radford, Va.,

He made the statement in support of a resolution to have a bank or trust company act as general treasurer of the conference. He said that an immense amount of money had been lost and wasted through loose financial practices in the conference.

There was some decided objection during the debate, but no one voted against the resolution.

As result of its adoption all conference board treasurers will have their accounts audited and some trust company will be chosen a teller and custodian of the church funds. It is believed that this action will greatly stimulate the benevolent contributions to the church.

Cottam, former, pastor of the Methodist Episcopal Church in Dearborne near Detroit, charged with arson in connection with the burning of his parsonage there last winter, was acquitted yesterday afternoon after the jury had deliberated on the case 20 minutes.

WAR IN EAST PRUSSIA.

Eight Hundred Thousand Prussians Reported in Poland.

Berlin, Oct. 20—According to reports from Russian sources at Warsaw, there are a least 800,000 Russians in the Poland campaign. There is great lack of medical and sanitary supplies, and the hospitals at Kiev, Moscow and elsewhere are overcrowded.

The Austrian offensive in Galicia is declared in Berlin to be advancing. During the assault on Przemysl the Russians lost 40,000 men in killed and wounded.

Russian troops from Bassarabia have been sent to the Caussasus, where revolt have broken out.

The Russians are finding difficulty in creating new military organizations. In spite of their numerical superiority, officers and noncommissioned officers are lacking at Warsaw.

It is expected in Berlin that General Von Hindenburg, the German commander in Russian Poland, will be victorious.

BATTERED BY SHELLS

Washington, Oct. 20—Shells me from howitzers in the German fortress of Tsingtau has heavily damaged the great British battleship Triumph and compelled her to withdraw from the British-Japanese bombarding fleet, according to a statement issued last night by the German embassy based on dispatches from the Far East by way of San Francisco.

No details were given in the dispatches and the date of the incident was not mentioned. Embassy officials, however, thought the damage to the bombarding fleet was inflicted yesterday. They discredited reports that the Tsingtau garrison was preparing to capitulate.

MRS. CARMAN IS PLACED ON TRIAL

Accused Woman Manifests no Concern at Court Proceedings.

UNRUFFLED AND COOL

Colored Girl Expected to Tell Her Story.—Frank Farrell will Reiterate his Testimony.

Mineola, L. I. Oct., 20—Had Mrs. Florence Conklin Carman been assured that her trial on a charge of murder was a mere formality and that she would be a free woman with a few days, she could not have shown less concern or anxiety than was displayed today when the taken o ftestimony began.

The calm, unruffled, cool serenity of Mrs. Carman on trial for her life for the murder of Mrs. Louise Duryea Bailey, dominates the entire court room. Not an attorney raises his voice above a soft parlor-conversational tone.

With the evidence of the physicians who performed the autopsy upon the

Mineola, L. I. Oct., 20—The 12 jurors who are to decide whether or not Mrs. Florence Conklin Carman murdered Mrs. Louise Duryea Bailey on the night of June 30 in Freeport were chosen yesterday in the Nassau county Supreme Court here. They were chosen rapidly—a typical suburban jury of business men and armers. Only 42 talesmen were examined.

It is a stolid impressive jury—the kind which might be expected to do a lot or arguing and then disagree. For the state, District Attorney Lewis J. Smith asked each talesman whether he would convict a person of first degree murder on evidence which was only circumstantial. He asked it in four of five different ways so that the prospective juror might not misunderstand.

Also he sought for traces of bias and preconceived decision and wanted to know whether the testimony of a negro girl—Celia Coleman—would find as much consideration as the word of a white girl.

The wiseacres—and Mineola was filled with them yesterday—shook their heads sagely when the trend of the district attorney's question went abroad. Just as if they thought Smith has not anything but circumstantial evidence. Smith is getting nervous already.

But the district attorney smiled when the words of the Long Island sages were repeated to him. He refused to talk. But his opponents, John J. Graham and George Morton Levy, counsel for Mrs. Carman, watched the district attorney like ferrets and paid him the compliment of saying that "there was no way of telling how Smith would jump by the direction of his head." For the defense Mr. Graham did the juror examination.

Supreme Court Justice Charles H. Kelby presided. The accused woman with all the magnificent poise and superb self-possession that has characterized her from the first sat with her husband and lawyers, taking an active part in the selection of the jury which is to try her.

She was absolutely splendid. She entered the courtroom with William Hulse, the jailer, with her head high her eyes clear and sparkling and her every action indicating a keen interest in the crowd which did everything but paw her and pluck at her dress.

She wore a blue broadcloth suit of a Russian suggestion, a white shirtwaist, white gloves and a fetching little hat with a white and black feather. She is paler but stouter than she was when she was arrainged on the charge of manslaughter.

body of Mrs. Bailey disposed of first today, it is expected that District Attorney Smith will call as his first witnesses Celia Coleman, the colored maid in the Carman home, and Frank Farrell, a wanderer picked up in Freeport. It is upon these two witnesses that the State's case mainly rests. The defense has clearly indicated that a steneuous effort will be made to discount the finding of a dictograph in the Carman home as having any connection with the case.

The Coleman girl is prepared to tell a story of Mrs. Carman going through the kitchen just before the shot was fired that killed Mrs. Bailey. She was clad in a kimono and appeared to have something concealed under her left arm, according to the maid's story. Immediately after the crash of glass at the physician's window and the firing of the shot, the maid has declared Mrs. Carman rushed back admonishing her to say nothing of her presence outside her room.

Farrell has told a story of seeing a woman creep up to the window of Dr. Carman's office and fire into the room.

ALLEGED CONFESSION

Circusman Says He Threw Man in Lion's Cage.

New York, Oct. 20.—Ernest G. W. Dietrich, a Brooklyn architect, received a telegram from Boston yesterday, according to members of his family, calling him to that city to investigate a report that a circus employee had confessed there that he shot Dietrich's son, Emerson, in Chicago last June.

Emerson Dietrich was found in a cage of lions in a show of which he was manager while in Chicago, and it was stated at that time that the lions attacked and killed him.

According to the dispatch from Boston, a circus man, in what purported to be a confession, declared he threw young Dietrich's body into the cage after killing him. It was said the dispatch intimated that jealousy was the motive for the crime. The message was signed "Chief Halpit."

Since the body of young Dietrich was brought to Brooklyn for burial private detectives have been employed, according to members of the family, as a result of the discovery that there was a bullet wound in the neck.

The Austrians have attempted to cross the San river only to be repulsed with heavy losses, while fifteen Austrian officers and 1,000 soldiers have been taken prisoners.

BELGIAN EXODUS OVER

400,000 Have Rushed Across the Dutch Border.

Roosendaal, Holland, (via London) Oct. 20.—The stream of Belgian refugees—an almost endless procession of panic stricken people which has been passing without restraint the little red, white and blue posts marking the border of the peaceful kingdom of the Netherlands—at last is growing less turbulent. Probably 400,000 have come rushing into Holland since Antwerp fell.

The little town of Esschen, where the dazed Belgians took a tearful farewell of their own country, quadrupled in population in a week. The four bake shops were besieged by the starving fugitives. The dilapidated border station, where thousands slept, was in the hands of German sailors, who were selling tickets for trains drawn by Belgian locomotives, manned by engineers of the German Navy and by sailors, big fellows from the harbors of Hamburg and Bremen. The Germans have been eneavoring to induce the refugees to return to their homes and resume their vocations.

Esschen was the center of the panic which followed Antwerp's fall. A great majority of the residents of Antwerp had been told repeatedly that their city was the strongest fortress in Europe. They remained peaceably in their homes and lustily cheered the British naval brigades, who arrived with motor trucks and machine guns, believing that their number was 10 times what it was.

CEMETERY ASSOCIATION

The St. Paul's Cemetary Association will meet tomorrow night at 8 o'clock in the Norton Memorial to hear reports on the improvements recently made in that enclosure.

The cemeteries of the city are in an unsatisfactory condition, and those engaged in the work of beautifying that of St. Paul's Church would rejoice to see movements inagurated for bringing about changes in all. It is suggested that some concerted plan be devised by those governing the other abodes of the dead toward bringing about this desideratum. There is no good reason why the Alexandria cemeteries should not present as tidy an appearance as those of other cities.

"STAR OF BETHLEHEM."

Present Celerbial Wanderer Believed to be Former Visitor.

This is the predestined year in which the Star of Bethlehem reappears in the heavens to herald the battle of Armageddon. Already in the evening skies the star, which is really a comet, is dimly discernible, and as the titanic conflict now raging reaches its climax it will be visible to all eyes.

This celestial body has recently been named by astronomers "Delevan's Comet," but it has always been known to astrologers as "the Star of Bethlehem." It may be seen in North America about 10 o'clock on clear nights at a point almost directly below the Pole Star. As the night wanes it rises higher in the heavens, and in the early morning between 2 and 4 o'clock it reaches its greatest altitude above the horizon.

A great mass of interesting evidence has been collected to show that the present comet is really the Star of Bethlehem. These facts should interest both sceptical scientists and those who devoutly believe in astrology. A noted astrologuer who is also a competent scientific astronomer, has shown that the present comet will on December 25 occupy almost the same position in the heavens that was occupied by the star whose appearance is described in the Gospels. He has calculated closely the position of the star at that time from the accounts in the Bible and from other records. Of course, there has been certain change of position in the two thousand years that have passed due to the fact that all the heavenly bodies are moving.

It may be recalled that some people believed that Halley's comet which reappeared in 1910 was the Star of Bethlehem, but astronomers have shown that this comet could not have appeared in the first year of the Christian era, whereas the present comet may have been seen at that time and judging from its present appearance occupied the quarter of the Heavens, i. e., "in the East," which is clearly indicated by the Bible.

The Star was first observed by mankind during the cruelties committed by King Herod in Palestine. It then guided the three wise men from the East to the manger where the Savior was born.

Whenever it has appeared since then it has betokened an event of the utmost importance to humanity. It was seen in 1066, the year of the Norman Conquest of England, as the ancient Bayeux tapestry, woven at that time, clearly proves. Again it was seen in the year 1300 when the Crusaders took Jerusalem and the Holy Sepulchre from the infidels.

To the eyes of those who saw it in 1300 it appeared to take the form of a flaming sword, a fact attested by ancient chronicles and a sculpture in Rheims Cathedral. The pious beholders were confirmed in their belief that this was the Star of Bethelem.

GROWING IN INTEREST

Evangelist Starke Preaches to Another Large Congregation Last Night.

The meetings now being conducted at the M. E. Church South are very enthusiastic, and Evangelist Starke is doing efficient work. Last evening every seat in the church auditorium was filled, and a number of extra chairs had to be brought in to seat the big crowd.

It was a record breaking crowd that Monday night. Not only was the attendance large, but a large number professed convertion.

Another record breaking crowd is expected again tonight, at which time Mr. Starke will take for his subject, "Have a Look." It is expected that a number of ministers and laymen will come over from Washington tonight.

Rev. Messrs. Allison, Duffey, Luttrell, Strausburg, and Triplett were at the service last night and took part in the meetings.

An unusually large choir has been organized by Mr. Henry K. Field, who directs the singing, and he also provides special solos, and duets at each service. The outdoor singing is in charge of Mr. Pierpont of Trinity Church.

While these meetings are held under the auspices of the Methodist Churches of the city, they are union in their nature.

The pastors unite in urging their people to sidetrack for the time every other demand and attend all of these services.

TRADES COUNCIL.

The Alexandria Trades Council held a meeting in its hall in the Alexandria National Bank building last night which was largely attended. W. H. Hamilton, presided and introduced the speakers, among whom were a number of members of the Central Trades Council of Washington. W. H. Baum, Harry Oehler, Harry Webber and J. Spellbringer discussed the labor conditions in Alexandria and Washington and suggested plans for the betterment of the condition of the union men.

WANDERING ON TRACKS.

Young Girl, Who Says She is Carol Dudley, Held at Culpeper.

Bearing evidences of culture and refinement, and fashionably attired, a young girl, about 17 years old, was found wandering on the Southern Railway tracks yesterday afternoon near Culpeper, Va. She gave the name of Carol Dudley, said she had walked from Washington, and was on her way to visit friends and relatives in Lynchburg, Va. She was taken in charge by the Culpeper police and will be cared for until the police here can locate her relatives.

She wore a white shirt waist, brown skirt, and carried a handbag similar to those used by city school girls.

Gayety—"The Happy Widows."

"The Happy Widows," is the attraction this week at the Gayety, in Washington. Whether they are really and truly widows, and, if so, whether they are grass or sod, does not appear from the program or the action of the play, but certainly they are happy, and they present a lively and interesting show. The piece is described as a two-act laughesque entitled "In Dreary Mexico." Mexico may be dreary in spots, but not where the happy widows are capering—far from it. The widows have some good songs, sung by the statuesque Helen Van Buren, dainty Fay Odell, and Carrie La Varge. The lines are bright, and the comedians, Joseph K. Watson, and Murray J. Simons, have plenty of scope for their fun. But the chorus is the real attraction to this entertainment, for it put ginger and life into it.

FORMER RESIDENTS DEAD.

The remains of Brooke P. Taylor, 59 years old, a former resident of Alexandria, who died in Danville yesterday, will be brought here for interment. Funeral services will take place tomorrow afternoon at 2 o'clock from Christ Church, and interment will be in Ivy Hill Cemetery. The Rev. W. J. Morton, will conduct the services.

Samuel J. Lindsey, a native of Alexandria, who died in Cleveland, Ohio, was buried on Sunday in St. Mary's Catholic Cemetery, this city.

JOHNSON IS EXONERATED.

Held Blameless for Collision Which Sunk Steamer Monroe.

Norfolk, Oct. 20—Captain E. E. Johnson, master of the Old Dominion steamer Monroe when that vessel was rammed and sunk by the Merchants' and Miners' Transportation Company's steamer Nantucket on the morning of January 30, with the loss of forty-one lives, was exonerated of all blame for the collision in a decision rendered yesterday by Colonel John W. Oast, United States supervising steamship inspector for the third district, with headquarters in Norfolk.

Colonel Oast heard the case on an appeal taken by Captain Johnson from the decision of Local Inspectors Charles W. Wright and E. F. White, of Baltimore, rendered on August 10, in which they found him guilty on charges of negligence in navigating the steamer, preferred against him by Captain Osmyn Berry, master of the Nantucket, and recommended the revocation of his license.

The decision of Colonel Oast, which is said to be quite lengthy, was forwarded today to General Uhler, supervising ispector general of steam vessels, withheadquarters in Washington.

Dread Of Operation Blamed For J. Frank Baker's Suicide.

Westminster, Md., Oct., 20—Frank Baker, a merchant of Union Bridge, committed suicide Sunday night by hanging. His body was found suspened in the stairway of a rear room at his store this morning.

He was 57 years old and had been engaged for years in business in Union. He was suffering with a cancerous affection of the lip and had arranged to have it cut out yesterday. WRIT OF ERROR GRANTED.

Supreme Court Will Review Damage Suit From Norfolk County.

Richmond, Oct. 20.—The Supreme Court of Appeals of Virginia yesterday awarded a writ of error and supersedeas in the case of A. A. Springs vs. the Virginia Railway and Power Company. The case comes from the Circuit Court of Norfolk county, where Springs brought suit for $5,000 damages against the railway company on account of bodily injuries received when he was struck by a trolley car. He was awarded a verdict and damages. From this verdict the defendant corporation appealed.

The litigation involved damages to the amount of $2,932.35 done to property in Granby Street, Norolk.

Railroads Appeal for Increase.

Washington, Oct. 20.—Business depression and the European war yesterday were assigned as reasons why Eastern railroads should have at least a 5 per cent increase in freight rates by representatives of the systems appearing before the Interstate Commerce Commission. It was asserted that these two conditions had led to a shrinkage of more than $76,000,000 in the annual net revenues of thirty-eight Eastern roads, operating more than 59,000 miles of railway.

In many cases pneumonia or bronchial troubles leave the lungs in a much weakened condition. At last I began to raise sputum, and my physician then told me I must go to California immediately. At this time I was advised to take Eckman's Alterative. I stayed at home and commenced taking it the last week in October. I began to improve, and the first week in January, 1906, I resumed my regular occupation, having gained 25 pounds, fully restored to health. It is now seven years since my recovery has been effected, and I cannot praise Eckman's Alterative too highly."

$100,000 FOR UNEMPLOYED.

Mayor Curley, of Boston, Plans Relief Fund for the Winter.

Boston, Mass., Oct. 20—The raising of a fund of $100,000 or more to provide work for thousands of unemployed mechanics and laborers is provided by Mayor Curley. He would act in conjunction with the National Civic Federation of Women, according to plans announced today. The money would be used for street construction and other municipal improvements during the winter.

"Boston's jails and charitable institutions are overcrowded," said Mayor Curley. "So hard is the working class being pinched by the European war that married people are actually conspiring to get money and board at the expenses of a prison record. In many cases men have been committed to jail for minor crimes to get board and lodging, while their wives receive 50 cents a day from the city. Already we have paid $12,000 in this way, which is 25 per cent. more than we paid during the whole of last year."

ELECTION BUT TWO WEEKS OFF.

While there is every reason to believe the great majority of the people of the United States are not disposed to bring about a change in the present order of things, from a political standpoint, some republicans are still nurturing sore places superinduced by the setback their patry received two years ago when Woodrow Wilson was chosen President and a majority of democrats sent to the House of Representatives. That the party has made good all its promises and is still actively at work bringing about conditions which are being received with satisfaction by the masses of all parties is self-evident and needs no exploiting.

Notwithstanding these facts, some republicans are dreaming that at the election on the 3d proximo a republican majority will be sent to the House of Representatives. If any such thing is to be done the sign is not discernible on the political sky at present. Representative Mann, minority leader in the House, however, seems to be chasing a rainbow. He says he has used a telescope which shows that the next House will have a republican majority of from forty to fifty. He uses the time-worn "full dinner pail" illusion as a slogan.

Speaker Clark, with his eagle eye, after recounting the salutary laws enacted by the present Congress, sums the matter up in an epigrammatic sentence thus: "Abraham Lincoln said it is a bad plan to swap horses in the middle of the stream."

Virginia may have ten Representatives in the House on the fourth of next March when the new Congress enters. She is sure of nine and there is a strong probability of landing the tenth. Mr. Slemp in engaged in the battle of his life against Mr. Irvine in the Ninth district. An Idaho Senator invaded that district yesterday and pleaded with the voters to return Mr. Slemp, saying he (the Idaho wearer of a toga) wanted him re-elected. We fail to see what claim he has upon the voters of this commonwealth.

The campaign in the eighth district is by no means exciting. The present incumbent, Hon. C. C. Carlin, will of course, succeed himself. He has three competitors—a republican, an aspirant from the Bull Moose ranks and a socialist. This trio will receive some scattering votes, but the bulk of those cast in the district will, of course, be for Mr. Carlin. At this particular time when the policy of President Wilson is being endorsed by many of all parties, and the democratic Congress is making a record, it should not be necessary to enjoin upon every member of the party to add his vote toward affirming the present order of things. No complimentary votes should be cast at this time, but the candidate of the party should receive what is due him—that is the vote of every democrat.

The most prominent plank in the platform of the late David B. Hill was—"I'm a democrat!" It should be that of all who profess to be members of the party.

CITIES OF THE DEAD.

As will be seen St. Paul's Church Cemetery Association will meet tomorrow night at 7:30 o'clock in the Norton Memorial to hear reports on the improvements made in the grounds some time ago.

That cemeteries of our city are not in the sightly condition all would wish is apparent to any one who walks through them. If there could be some concerted action on the part of those interested in the different cemeteries—and all should be—ways and means could be devised to keep these cities of the dead as presentable as those of other cities.

In this connection it can be stated that the government has materially improved the roadway from Payne street to the National Cemetery. It now appears in the higher class macadam, and after it has been used a short time and shall have settled the highway will be stable and smooth as a city street. It is unfortunate that this work does not extend to Alfred street, as from Payne to Alfred the thoroughfare is not only in an unsightly condition, but it is in need of immediate repairs. The government in 1886 constructed a macadam road and brick sidewalks with granite curbs on the north side of Wilkes street to the National Cemetery. Some time in the nineties the officials requested the city of Alexandria to maintain the roadway from Wilkes street to Payne, the government agreeing to keep up the thoroughfare from Payne street west. The city refused to do its part; hence only two squares of the street are at present in proper condition.

Boer Rebellion Collapsed.

London, Oct. 20—A dispatch from Johannesburg states that General Botha's forces have captured three officers and several men in the forces of Colonel Maritz, the rebel commander. Forty of the rebels surrendered voluntarily.

These captures are in addition to those mentioned in previous reports.

HORSE PRESENTS PISTOL.

Runs Off and Carriage Wheel Hits Highwayman.

Wilmington, Del., Oct. 20—A runaway horse prevented William R. Foote, a farmer, living at State Road, Del., being robbed Sunday night while driving along the causeway on his way home from this city.

A masked highwayman struck Foote on the head with a club which dazed him, but he clung to his seat. Another blow was aimed at him, but it struck the horse, and the frightened animal lurched forward, the wheel of the carriage striking the highwayman and throwing him into the road. Before he could scramble to his feet the team was far down the road.

BOY KILLED BY AUTOMOBILE.

Baby Thrown From Car, But is Not Severely Injured.

Newport News, Va. Oct. 20—Henry Park Leath, the 3-year-old son of J. H. Leath, was run down and killed by an automobile driven by Mrs. W. B. Wilkinson, of Back River near Hampton, late yesterday.

The radiator of the machine struck the boy behind the right ear, crushing his skull. An infant child of Mrs. J. R. Pharr, of Dunloope, W. Va., was thrown from the arms of a nurse by the impact, but escaped serious injury. Mrs. Wilkinson lost control of the machine and it did not come to a stop until it ran against a fence post on the sidewalk. Leath was roller-skating on the pavement and the driver did not see him in time to prevent the tragedy.

Party Line Courtesy

The quality of service on a party line is largely dependent upon the co-operation of the subscribers on that line.

No subscriber should use a party line for long periods of time, to the total exclusion of others.

When a party line is found to be in use, it is the part of courtesy to hang up your receiver immediately. While it is off the hook conversation is interfered with.

Each neighbor on a party line is entitled to the use of the telephone service as well as every other, and should not be interrupted or have the privacy of his conversation interfered with.

The Golden Rule applies with particular force to party line telephone service.

PRICE MAINTENANCE.

The Necessity to Aid Consumer.

Many big industries engaged in national trade have often in the past done openly what the small concerns in their limited fields have done secretly—varied prices according to the degree of competition at different times and places. Their object has been to secure the highest price to be had, irrespective of whether the buyer was held up or not.

The principle of selling goods at a close margin at one place to meet or to kill competition, and charging a high price, to make up for it, where little or no competition exists, is economically wrong and unfair to the buyer. Every article offered for sale should have a uniform price plainly marked upon it.

Manufacturers will then have to see that the price of their goods is a reasonable one, so they will sell, and at the same time they will provide enough profit to pay the jobber and dealer fairly for handling the goods at a uniform price. This will inspire confidence in the consumer, because he will know the price can not be cut and must, therefore, be a reasonable one to permit the goods to sell. He will buy such goods in preference to a small selling article sold at exaggerated profits.

Everybody will benefit from price maintenance in this way. It will protect the manufacturer who has built up well-known brands, also the newcomer who is seeking to do so. Distributors will be protected in handling it at a fair profit, and they will not be forced, through fear of cut-throat competition, to build up their own private brands at much expense.

When you buy *Certain-teed* you have our real guarantee that it will last at least five years for 1-ply, ten years for 2-ply and fifteen years for 3-ply, and this guarantee is backed by the world's largest roofing mills.

There is a dealer in your city or town who handles *Certain-teed* products. He will be glad to give you information and prices.

Why Not Publish It?

When you want a fact to become generally known, the right way is to publish it. Mrs. Joseph Kallans, Peru Ind., was troubled with belching sour stomach and frequent headaches. She writes, "I feel it my duty to tell others what Chamberlain's Tablets have done for me. They have helped my digestion and regulated my bowels. Since using them I have been entirely well." What Would You Do?

There are many times when one man questions another's actions and motives. Men act differently under different circumstances. The question is, what would you do right now if you had a severe cold? Could you do better than to take Chamberlain's Cough Remedy? It is highly recommended by people who have used it for years and know its value Mrs. O. E. Sargent, Peru, Ind., says "Chamberlain's Cough Remedy is worth its weight in gold and I take pleasure in recommending it." For sale by all dealers.

RESCUED FROM QUICKSAND.

Man Imprisoned Forty-Eight Hours in Massachusetts.

Ware, Mass., Oct. 20.—After 48 hours' imprisonment in quicksand 25 feet below the surface of the earth, Maurice Allen was rescued late yesterday by a gang of 50 firemen, policemen, and citizens, who had dug a ditch 50 feet long and 30 feet deep to reach him.

Allen was conscious when rescued, but very weak. He said he had been unable to help himself, as his feet were held firmly by a piece of planking. A bit and saw, which were lowered to him yesterday morning, enabled him to work one of his feet free, but another cave-in buried the tools and left him as helpless as before.

An improvised diver's helmet made from a barrel was lowered into the hole just after, midnight Sunday night, and Allen was supplied with air by a pump.

RIVER FILLED WITH CORPSES.

Bodies of German Soldiers Floating Down the San.

Petrograd, Oct. 20.—A newspaper correspondent at Lemberg, referring to the German losses in the attempts to cross the Upper San River, telegraphs that this stream is filled with the bodies of German soldiers floating down to augment similiar flotsam on the Vistupla, where other German troops have met the same fate. The correspondent says that none of the repeated attempts to cross the San yet have been successful.

Several of the outer forts at Przemysl are reported to have been captured, but these are not considered important, inasmuch as Przemsyl already has been isolated and surrounded.

AUSTRIAN SUBMARINE SUNK.

Commence Attack on French Fleet But Are Sent to Bottom.

Cettinje, Montenegro, Oct. 20.—An Austrian submarine was sunk in the Adriatic yesterday by a French cruiser.

Two submarine vessels went out from the Bay of Cattaro to attack a French fleet, which was making its way along the Dalmatian Coast. They were quickly sighted, however, by the French lookouts and a well-directed shot sent one of them, the leader, to the bottom. The other submarine escaped.

The French fleet subsequently recommenced the bombardment of the forts of Cattaro.

An Austrian aeroplane dropped several bombs in the neighborhood of the fleet, but no damage was done.

STILL FLYING THE U. S. FLAG.

American Tanker Held by British Prize Court.

Halifax, N. S. Oct., 20—Just what plan would be pursued with regard to the American tank steamer Brindilla, seized by the British auxiliary cruiser Caronia and brought here Sunday cannot be learned. It is supposed that the Brindilla, which was formerly the German steamer Washington, was suspected of having contraband aboard. It is also reported that when she was halted by the Caronia outside of New York harbor last Tuesday she was steering a course at variance with the ordinary course for her announced destination. She cleared from New York for Alexandria, Egypt.

It was thought possible that the question whether the transfer of the Brindilla from German to American registry was a transaction in good faith might be considered by the Admiralty Court. The purchase of the steamer from the Riedermann Line by the Standard Oil Company of New Jersey was announced on September 21.

The Brindilla remained anchored in the harbor yesterday. The military guard which was placed on the steamer remained aboard and, as far as known, none of the Brindilla's crew has as yet been allowed ashore. The American consul general at Halifax held no communication with the officers of the ship. The matter of the Brindilla's seizure and detention here is in the hands of the prize court officials and the naval department at Halifax has now practically nothing to do with the ship.

The Brindilla still flies the Stars and Stripes over her counter and will continue to do so unless the prize court finds the ship to be legally a prize of war. There were no prize court proceedings today. The official inquiry may require two or three days before prize court action is taken.

IDENTIFIES ASSAILANT.

Norfolk Negro Will be Arraigned on Dual Crime.

Baltimore, Oct. 20.—John Carter, 21 years old, of Norfolk, Va., the negro deckhand off a lumber schooner, who shot Police Woman Elizabeth Faber and Patrolman George W. Popp, of the Northwestern district, Saturday night on the Edmonson avenue bridge over the Pennsylvania Railroad tracks, was identified yesterday by Mrs. Beulah Kemp, wife of Julian H. Kemp, of Arlington, as the man who criminally assaulted her near Mount Washington one week ago today.

Carter was taken to the Northwestern Police Station yesterday morning from the Eastern Police Station by Deputy Marshal Samuel W. House and Patrolman Andrew E. Sandler, of the Eastern district. Sandler is the Eastern district officer who arrested Carter on description Sunday afternoon while the negro was about to enter a shipping office.

Mrs. Kemp was positive in her identification after Carter's cap was removed and a soft brown hat placed on his head. She was not absolutely certain that the prisoner was the right one until he was dressed as she saw him on the afternoon of the assault.

When the cap was removed and the soft hat placed on Carter's head Mrs. Kemp exclaimed:

"That is the man who attacked me! I am quite positive now."

Carter was questioned by Deputy Marshal House and State's Attorney George Hartman, of Baltimore county, but the negro stoutly denied that he had assaulted Mrs. Kemp.

The Baltimore county officials are convinced that Carter is the man, and State's Attorney Hartman announced that Judge Frank I. Duncan has signed an order convening the grand jury on Thursday to hear the case with a view to his prompt indictment.

More Canadians Arrive.

Avonmouth, England, Oct. 20.—A well known Atlantic liner arrived here yesterday bringing a large number of Canadian troops to augment those already encamped in England. The first news the townspeople had of their arrival was the sound of the fife and the drum in the streets. The men entrained immediately for a destination not announced.

PREFERRED WRECK

Germans Run Destroyers Aground To Escape Capture.

Berlin, Oct. 20—Preferring wreck and death to capture by the British the commanders of the German torpedo boat destoryers S-115 S-1.7, S-118 and S-119 drove their vessels upon the coast of the North Sea on Saturday when cornered by the English cruiser Undaunted, according to a statement issued at the admiralty today. The four destroyers were completely wrecked.

The crews of the vessels numbered 224 men, and nearly all of them are believed to have been lost.

Don't Let a Cold Settle on Your Lungs

Many cases of Lung Trouble can be traced directly to a severe cold which has been neglected, and which, as a result, has affected the lungs. If you have a persistent cough or cold, take warning before it is too late. Eckman's Alterative is most beneficial in such cases and has been the means of completely restoring to health many persons who had serious lung trouble. Read of this case:—

Pleasantville, N. J.

"Gentlemen: During the winter of 1911 I contracted a severe cold, which settled on my lungs. The doctor pronounced it lung trouble. I tried nearly every preparation without any result and kept getting worse. Eckman's Alterative was recommended to me and I commenced using it as a last resort. The first bottle seemed to give no relief; in fact, I seemed to feel worse, but I kept on using the medicine and found out the first bottle had really started me on the road to recovery by loosening the mucus and making me expectorate freely. After using the medicine for some time my cough ceased, I gained flesh and today I am a well man."

(Signed) GEO. M. BATES.

(Above abbreviated; more on request.)

Eckman's Alterative has been proven by many years' test to be most effeacious for severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Stubborn Colds and in upbuilding the system. Check the Symptoms, of Lung Trouble

One of the many reasons why Lung Trouble is so difficult to fight is because the disease is often of a very flattering nature. The patient may look well, but in reality is fast losing strength by continued night sweats, fever and cough. These symptoms should be checked as quickly as possible. Eckman's Alterative is beneficial in checking fever and night sweats and it has brought about many complete recoveries. Read this case:—

305 W. 30th St., New York.
"Gentlemen: I am writing you this testimonial that others may know what your Alterative has done for me. Since I was a very young woman I was a sufferer from Bronchitis. I tried doctor after doctor, getting little or no benefit. Finally I had night sweats, weak spells and lost rapidly in weight and my doctor told me if they were not checked I would have Lung Trouble. Miss Mary Korhamer, who is a friend of mine, recovered after taking your Alterative and assisted that I try it. I am now, after two years, perfectly well, strong and healthy."

HELPLESS AS BABY

Down in Mind Unable to Work, and What Helped Her.

Summit Point, W. Va.—Mrs. Anna Belle Emey, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from womanly trouble, and doctored lots for it, but without success. I suffered so very much, that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work.

I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 48 years years old, but feel as good as I did when only 16.

Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years and will help you, too.

Try Cardui. Your druggist sells it.
